Always Room for One More.

In ancient Mexico
There dwelt, some time ago,
A person whom I know,
Called in this way:
"Senior Don Rodrigo
Jose del Arroyo
Hermanson Tobago."
Likewise "el Rey."
When we got through with it,
If fools or wise of wit,
Not one in ten could hit
What it all meant.
Not one in twenty could
Pronounce it as he should.
If one had time, he would
Think it misspent,
So when we spoke this man,
This titled Mexican,
We all pursued this plan,
Thinking it meet:
Dropped every el and del,
Jose and Don as well,
All names we couldn't spell,
Just called him "Pete."
He, with his wealth of name,
Took this one, just the same,
And thus his card became
After that date:
"Senior Don Rodrigo
Jose del Arroyo
Hermanson Tobago
El Rey y Pete."

Forget Me Not.

Forget me not when, far away,
You wander at the close of day
Mid other roses, not more fair
Than those whose beauty was not less,
Because they saw your loveliness,
And blushed to see a sight so rare.

Forget me not, when others deem
All happiness an idle dream,
Save when they watch the sunbeams play
In golden tints of silver hair,
As though they loved to finger there,
Who perish with the dying day.

Forget me not, when other eyes
Are careless if the sun arise—
So only they may rest on you;
When others hold the songs of birds
Less sweet than those soft-whispered words
That I so loved to listen to.

And oh, if sorrow yours should be—
For even our dearest are not free
From pain we'd gladly bear instead—
If you should find a friend untrue,
One heart will stand true to you,
Till all its lovelorn days are sped.
—C. R. Crane.

Eat With Comfort and be Happy.

It is by no means uncertain, but, on the
contrary, a well ascertained fact, that up-
on the well being of a man's stomach
depends that medium of happiness which
is vouchsafed to him in this world. Dys-
pepsia, the foe of all others to the stomach
tranquillity, and most to be dreaded, is a
complaint to the preliminary relief and
eventual cure of which Hostetter's Stomach
Bitters is especially adapted. It enables
those who use it with a reasonable degree
of persistence to eat with relish, because it
imparts a healthful appetite, to digest with
ease, because it strengthens the stomach;
and to assimilate the food which is eaten
and digested, thus benefitting health, pro-
moting flesh and sustaining the exercise
of the physical and mental faculties. It,
moreover, facilitates the secretion of
healthy bile, actuates without discomfort
the habit of body, and tends, when taken
upon retiring, to produce healthy slumber.
Malaria is conquered by it.

A Woman's Discovery.

"Another wonderful discovery has
been made and that too by a lady
in this county. Disease fastened its
clutches upon her and for seven
years she withstood its severest tests,
but her vital organs were under-
mined and death seemed imminent.
For three months she coughed in-
cessantly and could not sleep. She
bought of us a bottle of Dr. King's
New Discovery for Consumption
and was so much relieved on taking
first dose that she slept all night,
and with one bottle has been miracu-
lously cured. Her name is Mrs.
Luther Lutz." Thus write W. C.

A WORTHY ENTERPRISE.

On May 1st, last, about four months ago,
Dr. Gilbert opened an office and sanitarium
in the bank block, Salem, and advertised
to treat chronic diseases on scientific
principles. Since that time his practice
has been steadily increasing—so much so
that he was obliged to secure more room
and increasing facilities, and now finding
himself unable to attend to his numerous
patients, he has entered into partnership
with Dr. M. W. Wetup, of Detroit, Michi-
gan, a physician and surgeon of large ex-
perience, thoroughly competent, and a
specialist in diseases of the eye, ear, throat
and nasal cavities—who has come with
his family to make his home in Salem.
The new firm will be known as Drs. Gil-
bert & Wetup, and will occupy the com-
modious rooms in the bank block, far
office and sanitarium, and will conduct
their business under the name and style
of The Oregon Medical and Surgical Institute. It
is their intention to spare neither pains nor
expense in their efforts to make this the
most complete institution for the treat-
ment of all forms of diseases, especially
chronic, in the northwest.

Medicated vapor baths, electro-magnet-
ism, oxygen and massage, together with
all modern and scientific appliances for
the thorough cure of disease, will be used.
Examinations will be free, and charges
strictly moderate. Address Drs. Gilbert &
Wetup, Bank block, or postoffice box 176,
Salem, Oregon.

TELEGRAPHIC TIDINGS.

Important Events of the World for a Day.

War in Indian Territory—Congress-
sional Acts—News—

Flood Gate Loose.

NEW BEDFORD, Sept. 28.—A cloud
burst last night and washed great
ditches in the streets and under-
mined many buildings.

A Northern Wreck.

BUTTE, Mont., Sept. 28.—A Miner
special from Heron says a freight
train on the Northern Pacific rail-
road was wrecked near there by run-
ning into a herd of cattle. The
engine and train were badly wrecked.
No one was seriously hurt.

September Wheat Way Up.

CHICAGO, Sept. 28.—The boom in
wheat continued this morning.
September opened at \$1.25 per bushel
the closing price last night, and re-
mained so for a time, everybody
seeming afraid to make a move.
Then it began to go up, and at 11
o'clock was quoted at \$1.45, and
six minutes later touched \$1.50.

Steel Rail Trust.

PITTSBURGH, Sept. 28.—Informa-
tion has reached here of the forma-
tion of an international steel rail
pool. The combine was consummated
at Glasgow, and includes
England and the continent. An-
drew Carnegie, who was present,
promised co-operation on the part
of the American combine in their
endeavor to advance and maintain
prices.

See You Later.

WASHINGTON, Sept. 28.—In the
majority report of the Utah com-
mission the recommendations of the
last annual report are reviewed.
Utah should not be admitted to the
Union until such time as the
Mormon people shall manifest by
future acts that they have aban-
doned polygamy in good faith, and
not then until an amendment shall
have been made to the constitution
against polygamy.

Albany Topics.

ALBANY, Ogn, Sep. 28.—An im-
mense amount of grain is being ship-
ped to Yaquma, and much more is
held for shipment at Valley points.
The carrying capacity of the Oregon
Development Company's vessels be-
ing inadequate, new steamers will
soon be placed on the line.

J. O. Morris states that his coat
containing \$340 in notes was stolen
from his room at the Murray Hotel
yesterday afternoon.

War in Indian Territory.

ST. LOUIS, Sept. 28.—Gov. Gay
marched into Tishomingo, the
Chickasaw capital, yesterday, with
an armed force, and took his seat.
Gay was counted out by the Bird
party, and Bird took his seat as
governor. Gay quietly gathered
some of his party, and took the
capital and Bird's party by surprise.
It is rumored that the government
troops will be held in reserve for an
emergency.

The Worst Over.

JACKSONVILLE, Sept. 28.—Up to
noon there have been nineteen new
cases and one death. The reduction
in the number of new cases and
deaths seem to justify the hope that
the worst of the epidemic is over.
Eighty-five cases were reported to-
day, of which 25 were white and 50
colored. Deaths, 5. It is believed
now that there is no yellow fever
in Florida, except at Jacksonville,
Fernandina, McCleeny, Sanderson,
Gainesville, Tampa and Manatee,
except perhaps sporadic cases near
the places named.

Good for Oregon.

WASHINGTON, Sept. 28.—Eastern
Oregon and Washington territory
are expected to derive much benefit
from the new item in the sundry
civil appropriation bill which passed
yesterday, and which waits
only the signature of the president
to become a law. The item is
simply an appropriation of \$100,000
to defray the expenses of locating
and surveying suitable sites for
storage reservoirs at the head waters
of streams west of the 100th meridian,
which can be used for purposes of
irrigation.

CONDENSED DISPATCHES.

The breath of Boreas has already
blown and freezing weather is re-
ported in parts of Minnesota, Michigan
and Wisconsin.

Postmaster General Dickinson has
just completed arrangements by
which a new fast mail train will be
established between Chicago and
New York City.

There is no movement looking to
the adjournment of Congress but it
is probable a recess will be taken ab-
out October 25th until November
12th on account of the election.

The secretary of the treasury yester-
day appointed Earsmus Peterson
second assistant keeper, and Chris-
tian Zanner first assistant keeper of
the lighthouse at Tillamook Rock,
and Edward Rice second assistant
keeper of the Cape Foulweather
light station in Oregon.

The New Steamer.

SAN FRANCISCO, Sept. 28.—The
name of the steamer Caracass, bought
by the Oregon Development Com-
pany in Philadelphia, will be
changed to Yaquma Bay. The
Caracass is 1589 tons, 252 feet long,
34 feet beam, and 19 feet depth of
hold. She has engines of 900 horse
power, and is expected to attain a
speed of thirteen knots. She was
built in Philadelphia in 1881.

WILLAMETTE UNIVERSITY.

Points of Personal Mention and Newsy
Notes.

Misses Maggie, Rebecca, and
Mary Brown of Bay Center, W. T.,
entered school Monday.

A large number of students im-
proved the opportunity of hearing
Dr. Nourse.

The Philodorian's omitted their
debate last evening to attend Prof.
Parvin's reception.

All the academy classes will be
examined next Friday. The college
students will have a holiday.

Company A drilled yesterday in
the armory of Co. B. The company
will soon arrange for squad drills for
the benefit of new members.

John Seatt an old time student
visited the school Thursday. He
will begin teaching on Howell
Prairie Monday.

Dr. Nourse conducted chapel
services Thursday and addressed the
students in a very pleasant manner
for half an hour.

Prof. Parvin's last evening was
the scene of a happy gathering in
response to the invitation of Prof.
and Mrs. Parvin. The evening was
spent in games, music, and social
conversation. The guests departed
at a late hour after having thoroughly
enjoyed the evening.

The University probably has a
larger representation from abroad
than in her history. Aside from
nearly every county in this state
being represented there are four
young ladies and four young men
from western Washington and as
many more from the eastern part
of the same territory. Idaho sends
four representatives; and Montana
two; Canada two, and California
as many. In all there is a large at-
tendance and the prospects of a more
prosperous year than the school has
had the pleasure of experiencing in
the past.
